

## PLYWOOD BED

The bed frame is made of thick plywood, with black stain and metal, that gives you the beautiful contrast to the edges with light plywood finish.

The Plywood bed design gives you the opportunity to use both thicker mattresses or higher bed lookers.

All types of mattress: Tempur, Sealy or spring, will fit with the Plywood bed frame.

The Plywood bed frame together with our new elastic bedbolsters and support mattress, gives you the opportunity of combining your bed with a lounge chair of all kinds of models.

DESIGN BY:  
Hansel/Tava, 2010
